It's a place we know just how

Dragon Sword.

take this dwarf Dragon Sword and put him on my finger
the runes and amulets of my horde
are burning in the cinders

my kingdom splintered on a horse
she rides through the sun trap
I watch as the sky fills with dogs that flap the night's corners

murmur sheets of avalanche
flip the bird
swill horse

Where ya roamin' to?

nothing's changed in their brain
they're still the same

I think there's more than gold to be gained

nothing's changed in their brain
they're still the same

still searching without an aim

life's the sweetest cherry
alright

reception
sign in
ringing up room service

walkin' along the side of the lake
whatever's fate is fate
digest
after we eat
feelin' the grass grow beneath my feet

come along baby
by firelight tonite
life's the sweetest cherry
alright

Circle Sun.

when the mine pit is blown to bits
and the sirens of the Blitz
a rusty caravan

a dead spoon in this view
breakfast and colours in this room
where it all began

I'll bring it back again
in the summer rain

circle sun

if they say the morning light
light
light

breakfast and colours in this room
a dead spoon in this view

if they say the morning light
light
light

circle sun

when the mine pit is blown to bits
and the sirens of the Blitz
a rusty caravan
breakfast and colours in this room
where it all began

from moat to the moors
hear the jangle of the hobby horse
the bismoth knight rides

break a black glamour curse
whichever knight completes the task first

seventh hour

The Visor.

it's Flag Day
red rose
pipes of ladders filled with joyous sand dunes
over the Rome
turbine
tombs face
heaven sent front door

I wear the visor
you wear the red shirt
I wear the red shirt
You wear the visor

chain gang
wrapped in lamp shades
doomed to fall forever
why don't you prey on me
I don't remember
may as well keep it

I wear the red shirt
you wear the visor
I wear the visor
you wear the red shirt

you wear the red shirt
I wear the visor
